LISTENING (POUSE, PAGE 55)

TASK 2: Complete the instructions for chemical experiment with words from the box. Type your answer in the box. You can choose the answers from the words in the **blue** box.

laboratory	test tube	thermometer	explosion	pressure	jug	gas
liquid	gravity	temperature	air	bubbles	acid	chemical reaction

THE EXPLODING BAG

In the school (1) you can try this fun experiment! You will need the following equipment:

A plastic bag with a zip

A measuring (2)

Warm water

Vinegar

Baking soda

1

2

First, put 100 ml of warm water and 200 ml of vinegar into the bag. The

Next, add three spoons of baking soda to the bag of

..... (3) of the water

..... (4)

shouldn't be higher than 60 degrees.

4

Now here's the fun bit! The bag will get bigger and bigger until there is an !

(7)

3

Quickly close the bag with the zip. Watch as a (5) called carbon dioxide

is produced inside the bag. Can you see the

..... ? (6)
