Happen Twice

Oh girl I'm lost up in you
Don't think I can _____ my way out now
Oh girl you _____ me singing
Love songs to you their all about

I want you to _____ my girl
Your walk, your _____
And the way you _____ tonight
I want you to be my girl
Cause it won't happen twice
I want you to be my girl
The stars, the moon, and the sun that shines so bright
I want you to be my girl
Cause it won't happen twice
He lost his mind (lost his damn mind)
They've lost the time to _____ they care
He'll be just fine
Long as there's air

When your _____ home tonight
There's no need to put up a fight
_____ your phone at the door and confide to my love
My love

I want you to be my girl
Your walk, your talk
And the way you _____ tonight
I want you to be my girl
Cause it won't happen twice
I want you to be my girl
The stars, the moon, and the sun that _____ so bright
I want you to be my girl
Cause it won't happen twice
