Task1

- In this section, you will hear some information about an international festival taking place in a local school.
- Your task is to decide whether the statements (1–7) are True, False or We do not know, because the text does not say. Write A if the statement is true, write B if the statement is false, and write C if the text does not say.
- Write the appropriate letter in the spaces provided next to the numbers (1–7). There is an example (0) at the beginning.
- First, you will have time to look at the task, and then we will play the whole recording in one piece.
- Then, after a short pause, you will hear the recording again, but this time we will play the text in shorter sections to give you enough time to write down your answers.
