Read and mark.

Watermelon

Watermelon is a delicious fruit. It is called watermelon because it is mostly water. In fact it is 92% water.

It's usually round and green on the outside. When you cut open a watermelon it's red or yellow inside. Sometimes there are black seeds inside and sometimes the watermelon is seedless.

Watermelons are grown all over the world. The largest producer of this fruit is China. More watermelons are grown in China than anywhere else in the world. Many people like to eat watermelon, especially on a hot summer day!

Example: *The outside of a watermelon is red.*

2. When a watermelon has seeds they are usually black.
3. Some watermelons have no seeds.
4. Most people don't like to eat watermelon.
5. Watermelon is a fruit that is mostly water.
