Week 4 · Lesson 1

Living and Non-living

Living things can be plants or animals that are alive. They need food, air, and water to live. Living things eat, move, breathe, grow, and reproduce. **Non-living** things are not alive. They do not move, eat, or grow.

Complete the sentences using words from the box.

	living	non-living	food	grow	water	
1.	All living	things need a	ir, water,	and		•
2.	You are	a =========	th	ing.		
3.	A		 thing (does not	move or g	row.
4.	A puppy	is a living thin	g. It can ı	move and	d	
5.	A plant r	needs	in	order to	survive.	
Wı	rite I for	living and n	for non-l	iving in t	he box.
