Writing Algorithm

- **Drag and drop to create the algorithm**

Steps 01

Steps 02

Steps 03

Steps 04

Steps 05

Steps 06

Start   Area = length x width   End   Get the length of the rectangle

Get the area of the rectangle   Get the width of the rectangle

Flow Chart Symbols

- **Match the following**

Process
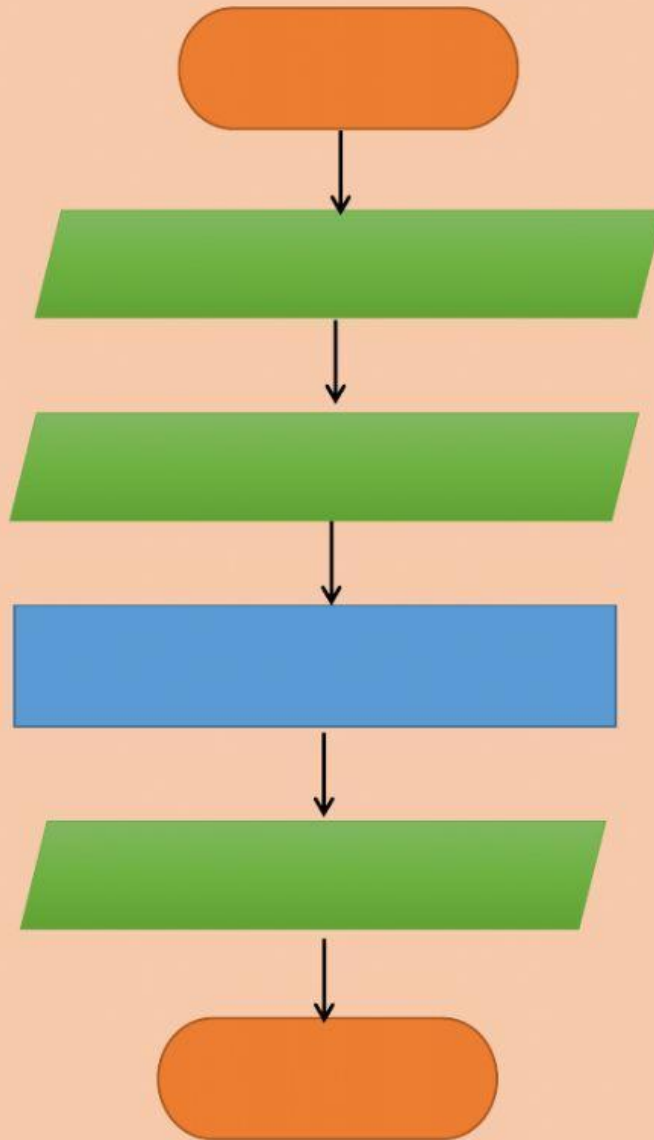

Data Flow

Input/Output

Decision

Start /End

Flow charts

- **Drag and drop to complete the flow chart**

Start   Area = length x width   End   Get the length of the rectangle

Get the area of the rectangle   Get the width of the rectangle
