

3R CAMPAIGN

Read about Encik Hakimi's explanation on recycling bins.

The 3R Campaign signifies "reduce, reuse, and recycle". Under the campaign, three-coloured waste separation bins or better known as 'recycling bins' are provided. The recycling bins are placed at housing estates, schools, and public places to collect waste such as paper, aluminium, and plastic for recycling purposes.

The blue bin is used to dispose of paper. Recyclable items such as newspapers, magazines, and cardboard boxes can be disposed of here. Glass items like bottled drinks, perfumes bottles, and glasses can be disposed of into the brown bin. The orange bin is used to dispose of aluminium and plastic waste. The waste includes soft drink cans and food product tins.

Categories the items by dragging the words to the correct bins.

newspaper

bottled drinks

soft drinks

tin food

magazines

perfumes bottles

cardboard box

plastic

glasses
