Use **NO MORE THAN ONE WORD** *for each space.*

You will hear the interview **twice. Answer all questions.**

Water pollution

Although only _____(21) of Malaysian rivers are polluted, the consequences are severe. We can see the damaging effects of water pollution from two events. The first is the recent water cuts in Selangor due to river _____(22) by solvents. As a result, the community's _____ (23) is endangered due to poor sanitation during the Covid-19 pandemic. In Johor, residents were hospitalised due to _____(24) gas that evaporated from a local river polluted by chemicals.

One factor of water pollution is the lax environmental laws that fail to _____ (25) offences by the same parties. Water pollution is also linked to _____ (26). Deforestation pollutes our rivers through soil erosion. The lack of _____ (27) systems to manage waste and sewage also contribute to water pollution.

Expensive river rehabilitation measures are helped by _____ (28) ideas such as The Interceptor and 'mud balls'. A more effective way to mitigate river pollution is to impose a higher _____ (29) on the wrongful parties. Communities should also join or _____ (30) river cleanups, in addition to educating the youth on this issue.
