William is a ..... He makes ..... to help people with their ..... His robots can wash ....., they can cook, they can tidy rooms and they can sweep ..... Arnold is William's helper. He has to keep William's ..... clean and tidy.

William sometimes teaches Arnold how to build a robot, but Arnold never ..... So he doesn't know much about robots. Arnold doesn't ..... his job very much because he doesn't like difficult work.

One day William goes into town to ..... some things. 'When I come back at half past three,' he says to Arnold, I want to see this room ..... I want you to tidy the ..... I want you to sweep the floor and I want you to ..... the floor. Goodbye and work hard!

Arnold tidies the table. Then he sweeps the floor and thinks, “Now I have to wash the floor.”

He gets a ..... and fills it with water and then he has an .....

I want a robot to help me.' He presses a button and says, 'Robot wash the floor." The robot takes the bucket and throws the water over the floor. Then it picks up the bucket, fills it with ..... and throws the water over the floor again.

Stop, shouts Arnold, but the robot doesn't ..... Arnold presses another ..... But now the robot works really fast, filling the bucket and pouring the water. The laboratory is full of ..... Arnold doesn't know what to .....

Just then, the door opens. It's William. He looks at the water. He is very .....

He goes over to the robot and presses some ..... The robot stops still.

Now clean up,' William says to Arnold. "You've got all night. Arnold starts working. It takes him a long ..... "Next time William teaches me I am going to ..... carefully, he thinks.
