Last night I was walking home next to the river Thames, when something strange happened to me.	
	I sat on some steps very close to the water's edge
	I decided to stop by the riverside and look at the moon for a while.
	I was tired and lonely and I'd just had a few pints of beer in my local pub,
I felt very tired so I closed my eyes and after few minutes, I fell asleep.	

When I woke up, the moon had moved behind a cloud and it was very dark and cold.	
	I looked down at the water and saw something. Something terrible and frightening, and unlike anything I'd ever seen before.
	Something was coming out of the water and moving towards me.
	I rubbed my eyes and started to get up, when suddenly I heard a splash.
Something was coming out of the water and moving towards me.

It was a long green arm and it was stretching out from the water to grab my leg	
	Someone jumped onto the stairs next to me
	The cold green hand was moving closer and closer when suddenly there was a blue flash and a strange noise from behind me.
	I was so scared that I couldn't move.
He was wearing strange clothes and he had a crazy look in his eyes. He shouted "Get Back!" and pointed something at the monster in the water.	

There was a bright flash and the monster hissed and disappeared.	
	I'd never heard of moon goblins before. I didn't know what to do. "Who... who are you?" I asked him.
	He looked strange, but kind. "Don't fall asleep by the river when there's a full moon", he said "The Moon Goblins will get you."
	I'd never heard of moon goblins before. I didn't know what to do. "Who... who are you?" I asked him.
"You can call me... The Doctor."
