

I NUMERI DECIMALI

DIVISIONI PER 10, 100, 1000

Quando **si divide** un numero decimale **per 10, 100, 1000**, la **virgola** si sposta verso **sinistra** di 1, 2, 3 posti.

Se necessario, si aggiungono **zeri segnaposto** affinché l'unità sia sempre espressa.
