Exam Close-up

Keeping calm

- It's important to try and keep calm in the exam – getting nervous will make it more difficult for you to understand the listening.
- Try to focus on each question and underline the key words in the questions before you listen.
- As you listen, look at the pictures carefully and take notes. Write down any key information you hear.
- You will have time to read your notes and the questions again, so don't worry if you can't answer all the questions the first time you listen.

Exam Task

There are six questions in this part. For each question, there are three pictures and a short recording. Circle the correct answer a, b, or c.

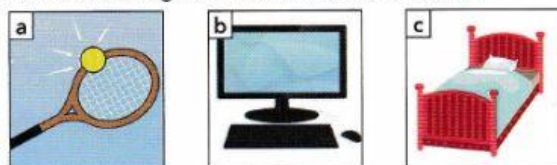

1 What activity do the friends decide to do?

2 When will the man leave hospital?
