

IELTS SPEAKING PART 1

HOME

1. Do you live in a house or a flat?

I live in a house which is located on the outskirts of a small town. I've lived there for almost 5 years with my parents.

2. Which is your favourite room?

Probably the sitting room. To be honest, we all spend most of our time in the sitting room because it's the cosiest room in the house. It's much nicer than all the other rooms in our house.

3. Can you describe it?

Well, it's not particularly large but even so, it feels quite spacious. There are two huge comfy sofas, an open fire which we light in the dark winter months and on the walls there are some rather beautiful oil paintings of country scenes from the area where we live. It's quite a pretty room, lots of natural light.

4. If you could improve one thing in your house, what would it be?

Well, if I could change just one thing, I'd probably choose to change my bedroom. At present it's rather small with almost no view at all. If I could alter it in any way, I would enlarge it to have a private study area, where I could do some work, and I would improve the view by planting some lovely trees and shrubs outside the window. I think being able to sit at a window and see nature is really important.
