

# You Could Be Happy

Snow Patrol

You could be happy and I won't

But you weren't happy the day I watched you

And all the things that I wished I

Are played in loops till it's madness in my head

Is it too late to  you how we were?

But not our last days of silence,  blur

Most of what I remember makes me sure

I  have stopped you from walking out the door

You could be happy, I hope you are

You made me  than I'd been by far

Somehow everything I own  of you

And for the tiniest moment it's all not true

Do the things that you always

Without me there to hold you back; don't think,

More than anything I want to see you, girl

Take a glorious bite out of the whole
