 The only rule in our family is – no phones at the table. My dad **bans** phones when we're eating together at home, or if we're in a restaurant in town. My mum's always got her work phone, but she goes outside if someone calls.

 I don't watch much TV anyway, except a bit on YouTube. But my nan* lives with us and she watches TV 24/7. It isn't only young people who spend time in front of screens. 😊

 We've got two family rules – but it's one rule for me and a different one for my sister!! I'm not allowed a computer in my room, but my parents **let** my sister have a PC because 'she's older and she studies more'. But she doesn't study!!

 My mum allows me to play a lot of video games. Maybe because I do a lot of sport outside, too.

 My mum doesn't **allow** TVs, computers or phones in our rooms. But anyway, I don't want to watch TV in my bedroom. I want to sleep!

 You're lucky – my parents only let me play video games when I finish my homework. But I have A LOT of homework so I hardly ever play. 😞
