

Name: _____

Date: _____

Animal and Plant Cells

1. Powerhouse of the cell	A. False
2. Hold the cell organelles	B. Chloroplast
3. Maintains homeostasis by controlling what gets in and out	C. Cell Membrane
4. Stores materials and moves them in and out of the cell	D. Vacuole
5. Boss of the cell; Home to DNA	E. Nucleus
6. Supports and Protects	F. Mitochondria
7. Site of photosynthesis	G. Cytoplasm
8. Small part of cell that has a specific job	H. Structure
9. Organization of parts to form a living thing	I. Eukaryotic
10. Organism whose cells contain a nucleus within a membrane	J. Cell Wall
11. Animal cells have a cell wall	K. True
12. Plant cells have a nucleus	L. Organelle
13. The nucleus had 32 pairs of chromosomes	M. False
14. Mitochondria is the battery of the cell	N. True
