LIVEWORKSHEETS

Read the following passage and mark the letter A, B, C or D on your answer sheet to indicate the correct answer to each of the questions.

One of the most difficult things young people face when they want to travel is the lack of funds. During summer holidays and possibly at weekends, they are able to take on part-time jobs, but the money they make is just a drip in the bucket of what they need to travel far away. For example, travelling to Australia from Vietnam can be quite expensive just for an airline ticket, and to a lot of students wanting to travel, it can seem out of reach.

For students wanting to travel to Australia and New Zealand in particular, however, they are in luck. Although many countries offer working holidays, these two countries are well-known for offering them. When a young person signs up to get a working holiday visa, he only pays for the round-trip airfare to get to either place and only needs to carry some extra cash for incidentals. Once he is there, a job awaits where he can earn some money.

Many of the jobs require little or no experience, such as picking fruit or working in a busy pub out in the countryside. Some of the jobs require more experience that most people are unlikely to have, such as being a certified welder to work for eight weeks on a farm. That shouldn't discourage you, though, because there is always something to be found if you search hard enough.

There are many websites that advertise working holidays in Australia and New Zealand. If you have the courage and are looking for a way to make a little money and see the world, it might be just the ticket you were looking for.

Question 21. What can seem out of reach for young people?
