

PARALLEL, PERPENDICULAR AND INTERSECTING LINES

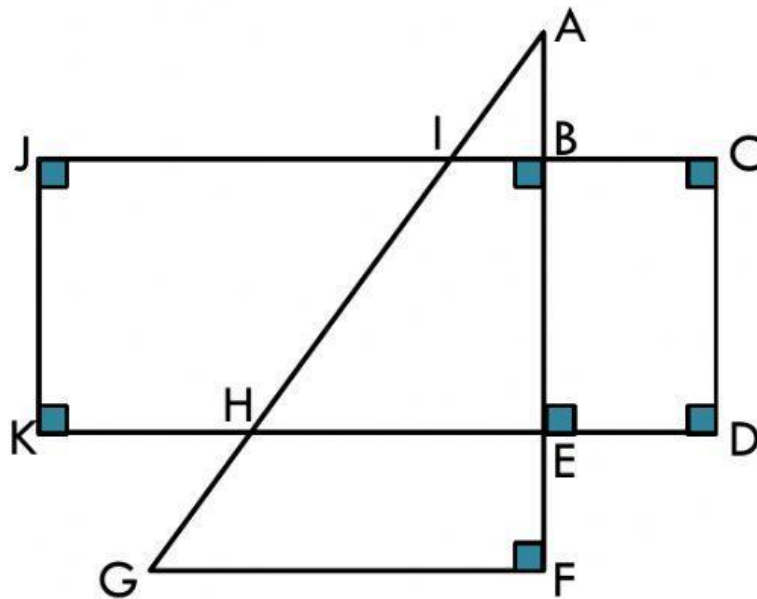

Part One.

Identify the following given pair of lines as **parallel**, **perpendicular** or **intersecting**.

Part Two.

Study the diagram below and then **identify** the given pair of lines as **parallel**, **perpendicular** or **intersecting**.

1	Line HE and line GF are	
2	Line BI and line BA are	
3	Line GA and line KD are	
4	Line FA and line JC are	
5	Line BE and line CD are	
6	Line KE and line GF are	
7	Line CI and line AF are	
8	Line BJ and line HA are
