A DAY TRIP TO LONDON

There were museums and everywhere,

And we were just to be there.

There was lots to do and lots to see.

Big, red buses and people drinking tea.

CHORUS

A day trip to London.

What a great city to visit!

The people were,

And we loved every minute of it!

Standing in the middle of Trafalgar Square,

We were just to be there.

The paintings were great in the National Gallery.

Tower Bridge was a great place to see.

(CHORUS)

Now all aboard the big London Eye.

Don't be - it goes very high.

From up here, you can see all around.

....., bus stations and parks on the ground.

(CHORUS)
