

# THE FINAL COUNTDOWN

## PRACTICE FOR THE 2<sup>ND</sup> TERM TEST

**A journalist is interviewing a politician on a radio programme.**

**Write the verbs in bracket in the correct tense: present perfect or past simple.**

**INTERVIEWER:** Mrs Blake, you want people to vote for you again. Our listeners want to know why.

**POLITICIAN:** I think our achievements are very clear.

**I:** Well, not always. For example, under your government unemployment <sup>a</sup> \_\_\_\_\_ **(rise)** by ten per cent.

**P:** Yes, but you have to look at the international context. The price of oil <sup>b</sup> \_\_\_\_\_ **(increase)** to over forty euros last year and there <sup>c</sup> \_\_\_\_\_ **(be)** a world recession this year.

**I:** But now the price of oil <sup>d</sup> \_\_\_\_\_ **(fall)** again.

**P:** Yes, the future looks very good. Since we came to power we <sup>e</sup> \_\_\_\_\_ **(cut)** taxes three times. The last government <sup>f</sup> \_\_\_\_\_ **(increase)** them.

**I:** The opposition says that services <sup>g</sup> \_\_\_\_\_ **(suffer)**. What about the health system? Several hospitals <sup>h</sup> \_\_\_\_\_ **(close)** recently.

**P:** Yes, but people can see now that we <sup>i</sup> \_\_\_\_\_ **(introduce)** big improvements. Those hospitals <sup>j</sup> \_\_\_\_\_ **(be)** old. We <sup>k</sup> \_\_\_\_\_ **(invest)** in new and better hospitals.

**I:** But people are waiting longer for their operations.

**P:** No, that's not correct. Patients waited longer before we came to power. The latest statistics show that we <sup>l</sup> \_\_\_\_\_ **(reduce)** the number of people waiting for operations.

**I:** What about your record on education?

**P:** Standards <sup>m</sup> \_\_\_\_\_ **(be)** terrible under the last government. When we <sup>n</sup> \_\_\_\_\_ **(introduce)** the new education law, the results improved very quickly.

**I:** Thank you, Mr. Blake. Now the news.
