- On what day of the week does the year begin?
- How many months have five Thursdays?
- How many Sundays are in October this year?
- When do we celebrate Halloween?
- How many weeks are there in a year?
- What day is the second Tuesday in December?
- Is the third Wednesday in April, even or odd?
- If today is 12th January, what is the date of next Monday?
- How many Tuesdays are in the fifth month?
- What is the date of the last Friday of the year?
- What day of the week is 31st January?
- If today is 18th March, what is the date of previous Sunday?
- If today is June 1, what day of the week is tomorrow?
- What is the date of the twelfth Friday of the year?
- What day of the week is your birthday?

How many days are there in May, 30 or 31?

In English there is a little poem to remember:

**30 days have September,
April, June and November.
All the rest have 31.**

**Excepting February alone
Which has only 28 days clear
And 29 in each leap year.**
