Exercise 3. Supply the correct form of the words in brackets.

With the (1- economy)_____ development in recent years, people's (2- environment)_____ awareness in Viet Nam has also increased. There have been many green initiatives in both urban and rural communities, which have (3- inspire)_____ people to change their lifestyles and help to protect the (4- environmentally)_____. Since 2008, 'Education for Nature Viet Nam' has collaborated with Super Motor Viet Nam in (5- organise)_____ training courses for staff members of national parks and nature reserves. The aim is to help them to learn more about (6 – environmentally)_____ solutions and protection strategies. This project is part of the Go Green Programme, (7- coorganise)_____ by the Viet Nam Environment Protection Administration and the Ministry of Education and Training.

Another Go Green campaign is (8 - organise)_____ by The Plaza's. It includes a series of green activities such as a tree-planting festival, Nature and Environment photo contest, and No Bag Day. Every year, The Plaza's takes part in the Earth Hour event when all its shopping centres turn their lights off to remind customers to save electricity.

To discourage the use of disposable plastic bags, on The Plaza's Green Day shoppers are only offered (9 – environment)_____ friendly paper bags.

It is clear that Viet Nam's government has made a great effort to promote the country's green movement. This has also helped people to adopt environmentally (10 – responsibility)_____ behaviour towards nature.
