Dominican Republic?

Hi, I'm planning a trip to the Dominican Republic later this year. I'd love to know where to go, what to see, etc. Any ideas welcome. Richard

Hi Richard

You'll have a great time. The Dominican Republic is beautiful. Go to Jarabacoa. It's got a great climate. The temperature is between 16° and 22°C all year. That's why a lot of people call it 'The Everlasting Spring' because it's always spring time there. There's a great festival in February with music and dancing and it's close to Pico Duarte the highest mountain in the Caribbean. It's 3,098 metres high but you can walk to the top. It takes about three days and you have to go with someone who knows the area. There are places to sleep on the mountain but you need warm clothes because it's very cold at night.

Hi Richard,

If you like history, spend a few days in the capital, Santo Domingo. Columbus came here in 1492 and there are a lot of beautiful old buildings. It's a big city – two million people live here so there is a lot to do. Come between February and April. That's the 'dry' season (but bring a coat because it's always rainy here!) Try the local food. The best is La Bandera. It is meat, red beans and rice. It's lovely!
