RALLY DIARY

DAY 4

Our second day in the jungle. What a hard day. It rained all day and the road was very bad. It was almost impossible to stay on our motorcycles. We're in first and second place now, but it wasn't easy. There were trees across the trail and problems with our motorcycles.

The Italians were behind us. Luigi helped me to change my back tyre. Our stop for today is near a river. We call it "Jungle camp two". We arrived here around five o'clock. First we washed our motorcycles. Then we had dinner. There is nothing better than a hot meal after a hard day. We are all very, very tired. David is already asleep. I'm going to bed now, too.
