Wow! Look at That!

At The Children's Museum in Indianapolis, USA, there are giant models of dinosaurs outside. Some of them are running away, and others are looking in through the window! It's very exciting!

Inside the museum, you can go to the theater, learn about the stars in the planetarium, and go rock climbing. You can even celebrate your birthday there!

13 Work with a partner. Talk about the museum. Take turns. Ask and answer questions.

Did you like the museum?

Yes, I did. I saw dinosaurs!
