Watch the video then read the passage carefully before completing the exercises which follow.

Jesus is God's Son who came to earth as a baby. He was born of the Virgin Mary. The main events in the life of Jesus include His birth, journey to Jerusalem at age 12, baptism and official start of His earthly ministry at age thirty, miracles and teachings, arrest, trial, crucifixion, resurrection and ascension.

Many patterns could be discovered in the life of Jesus. He demonstrated obedience to His heavenly Father. He studied the Word of God and grew in wisdom. He attended the synagogue. He spent time in prayer away from crowds. He spent quality time with His friends. He helped those who were in need.

Jesus was God's Son who was truly divine or heavenly in nature. However, because He was in a physical body, His human nature was also revealed. Jesus proved that He was divine when He performed miracles, cast out demons and even walked on water. His human nature was revealed when He was hungry and tired after fasting for forty days, when He fell asleep on the boat, and when He wept at Lazarus' tomb. The goal of every disciple should be to become more like Jesus. Disciples of Jesus should follow His example and teachings. Each day's activities should be guided by the life and teachings of Jesus.
