## MY BED IS A LITTLE BOAT

My bed is a little boat,
That's cuddly, warm and ready to float;
Mother helps me in and I feel safe.
She tucks me in my favourite place.

And some things to bed I take,
Perhaps a toy or two,
A teddy bear and a toy soldier
As most good sailors do.

At night, I go on board and say
Good night to all my furry friends;
I shut my eyes and sail away
And see and hear no more.

But when the day returns again,
I open my eyes and see my friends.
Safe in my room, wide awake,
Ready to face a brand new day.
