Imagining my future

by Laura Ralph

I think about my future quite often. I often think about what is going to happen. I don't mind ¹not knowing (not know) the details, but I really hope ² (have) a happy future. I think that there are things that I can do to make that happen.

I've already decided ³ (be) a successful businessperson! I would really like ⁴ (start) my own business. I know it's not easy, but I don't mind ⁵ (work) hard. I imagine myself ⁶ (have) a fashion business in the future. I would like ⁷ (be) the director of a chain of clothes shops. I would enjoy ⁸ (have) my own shops and ⁹ (choose) my own designs.

So, my plan is to pass my exams and go to college. I want ¹⁰ (study) business, of course. Then I'll start ¹¹ (work) for a clothing company and learn all that I can. If I save enough money, I think I'll be able to start my own business.

I also want ¹² (have) a family. I hope ¹³ (have) children some day. I don't want my life to be all business!

These are my plans for my future. I hope ¹⁴ (make) them come true.
