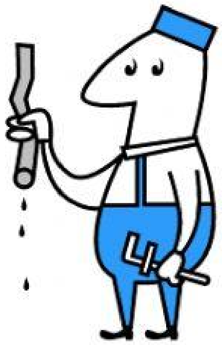
SOLE TRADERS

Match the words to the spaces:

Sole trader businesses are owned and ___________________________ by one person. The owner may decide to ___________________ other people to help run the business, but the main __________________________ are made by the owner.



Many people choose to set up _____________________ businesses as sole traders because they get to run the business as they wish. They get to keep any ___________________ the business makes and can choose how many ___________________ they work. Being a sole trader can be very _______________________, though it can also be risky.

Sole traders risk their own _____________________ and is a sole trader business gets into ____________________ the owner may have to sell his/her own house to pay what is owed. This is called unlimited ________________________. Sole traders may also have to work long ____________________, and need to be skilled at many __________________ in order to run the business effectively. If the owner is ________________ it may be difficult for the business to continue.
