Complete the sentence. One is extra.

moon earth round true

7. We need to work to protect the _____.

8. The wheels work best when they are _____.

9. When it is full, the _____ is bright in the night sky.

Read the passage then choose the correct answer.

It's hard to see the shape of the earth. The ground looks flat, and it feels flat. For a long time, people thought the earth really was flat.

Around 500 BCE, Pythagoras looked at the moon. He saw that it is round. He thought the earth must be round, too.

In 350 BCE, Aristotle tracked the stars. They showed that the earth is round. Later, scientists proved this is true.
