

**Read the letter and find the possible problems**

**Take some minutes to discuss and share ideas with your classmates**

<https://www.wall.net/es/resource/717615/modals-of-deduction-and-speculation>

## Tips

### Speculate about the people in the picture

Mike and Anne are a very nice couple, but today things don't seem right. They never argue about anything.

Something must be ... feeling annoyed by the price in the bill.

She can't be... wrong with the bill.

They might not ... angry at him, they get along

They could be... like the food.

## Tips

It is important to...

It is not a good idea ...

## Pair work

Look at the picture and describe the situation.

1. Check the number and speculate about it.

**1-3 more certainty / 4-6 less certainty**

2. Provide possible tips to change that behavior.

Read the card and discuss with your classmates.  
Speculate about the problem. Use your ideas to  
provide different tips, that could help the  
people involved, to improve their relationship.
