

Fill in the blank

Fill in the blank with the correct verb in the past tense. You can't write the verb, so you must click the red button and say it, and it appears like magic.

Be careful with pronunciation! If you need help, watch the video again.

Tienes que llenar el hueco con el verbo del pasado. No vas a escribirlo. Vas a decirlo con una pronunciación buena. Cuidado con las tres maneras de pronunciar "ed" al final de los verbos! Si tienes alguna duda, puedes ver el video otra vez o usar unas partes. Si no lo escribes correctamente, es que no lo pronuncias bien.
