## Answering Questions

Always answer a question using a complete sentence.

Nigel gets up at six o'clock on a Saturday morning. He spends ten minutes praying. After praying, he brushes his teeth then eats his breakfast. He also makes sure that he feeds his pet after eating. The last thing that Nigel does is water the plants.

Whenever you must answer a question, always answer using a complete sentence. Read each of the following questions carefully. Answers are provided for each question but only one is completely correct. Which is it? Choose the answer that is completely correct.
