You read this article in a local newspaper. Write a letter to the editor expressing your views.

A major environmental issue our city is facing is pollution. This problem has been getting worse and worse over the past ten years and residents are asking the authorities to come up with acceptable solutions to solve the problem. One solution is to introduce a system of carpooling where people would share a car with other people on regular journeys instead of driving alone. Is it a good idea? Write to us and tell us what you think.

Think about

- the traffic
- the pollution
- how easy it is to find people to travel with
- the time needed to pick up people and drop them off
- the money spent on petrol
- the privacy you have
