Reading Comprehension- Plot

Directions: Read the story below. Use the story to answer the questions.

Going to the Dentist

On Friday, James went to the dentist office for a check-up. The dentist told James that he has a cavity. The dentist used a special tool to clean and fill the cavity. The dentist said that James needed to do three things. First, he needs to brush his teeth for two minutes at least twic a day. Second, James needs to floss more often. Last, James needs to eat less sugary treats.
