

**LESSON 2. ANIMALS DIET AND FOOD CHAINS**

**HOMEWORK**

1. Build a food chain:

a) Play a Food Chain Challenge game. Use the link below or a QR-code to play with your smartphone or tablet. You can also find the link in AMI.

<https://www.bbc.co.uk/bitesize/topics/zbnnb9q/articles/zsphrwx>

b) Write down three different food chains with three or more elements Use plants and animals names from the game.

| Producer | Primary consumer | Secondary consumer | Tertiary consumer | Consumer or Decomposer |
|----------|------------------|--------------------|-------------------|------------------------|
|          |                  |                    |                   |                        |
|          |                  |                    |                   |                        |
|          |                  |                    |                   |                        |
