Subject: My Holiday

Dear Sue Ling,

How are you? I hope you are in good health. It's hot here in Lombok, so I play in the water every day. Would you believe if I told you that my brother and I looked for crabs the whole afternoon? How silly of us!

The water is very clear and the sand is soft and fine. No wonder so many children enjoy building sandcastles over here. I prefer to fly my kite though. Do you know that my kite is shaped like a butterfly? We also enjoy eating ice creams while watching others play beach volleyball.

Yesterday, we had a barbeque dinner by the beach. The sea breeze was cool at night and the relaxing waves were like music to our ears. I will definitely miss this most. I'll show you some pictures when I'm back. See you soon.

Your friend,
Khaty
