

Odd or Even Sums

Solve the adding questions. For each one, is the answer odd or even?

$$152 + 123 = \square$$

even + odd =

$$55 + 35 = \square$$

odd + odd =

$$212 + 154 = \square$$

even + even =

$$63 + 87 = \square$$

odd + odd =

$$302 + 151 = \square$$

even + odd =

$$411 + 136 = \square$$

odd + even =

$$59 + 13 = \square$$

odd + odd =

$$16 + 28 = \square$$

even + even =
