

Exercise 1 (a): Rearrange the story below.

security guard – take – care –
steel factorylorry – four – men – demanded
– steel

acted – whistle – ran – chase

received – award – 'Most Attentive
Security Award' – happy

	He was surprised to see a lorry with four men entering the factory.
	They demanded him to show them where the steels were kept.
	His work is to take care of steel factory in the Old Klang Road.
	The owner of the factory was full of praise for Encik Mahmud.
	Encik Mahmud is a security guard.
	One night as usual, he was on night duty and was making his rounds.
	The robbers panicked and ran away after being chased by another security which has been shocked by the whistle sound.
	He has been working at the factory for more that fifteen years.
	He received the "Most Attentive Security Award from the CEO for his action. He was so proud and happy that he could save the factory from the robbery.
	Encik Mahmud approached them because he thought they were suppliers.
	He is a responsible, alert and an honest worker.
	One of them quickly drew out a pistol and pointed a pistol at him
	Later, a police report was made.
	As he walking with them, Mahmud acted fast and took out his whistle from his pocket and blew the whistle loud.
