Ulm Münster in Germany is the tallest church in the world. The tallest part of the church is the **steeple**, which is 161.5 metres high and contains 768 **steps**. From the top of the church there is a view of the city, and on a clear day you can see the Alps.

Before the Münster was built, Ulm already had a church outside the city walls. However, the **inhabitants** of the city decided that they wanted a new church in the town centre and they agreed to pay for the building.

Construction of the church began in 1377 but the building wasn't completed until 31st May, 1890. At first the work was difficult because the heaviest parts fell down and the builders had to repair them. Then construction stopped from 1543 to 1817 for political reasons.

Today, tourists can visit the church every day of the year. Winter **opening hours** are from 9 a.m. to 4.45 p.m. and the church is open in the summer months from 8 a.m. to 7.45 p.m. **Admission** to the church is free, but the price of climbing the steeple is €3 for adults and €2 for children.
