

# Sarasas Witaed Chonburi School

Bilingual Programme – **Worksheet** - Term 1 – A.Y. 2020

Name: \_\_\_\_\_  
Subject: **Science B**

Grade: **3/** \_\_\_\_\_  
Student Number: \_\_\_\_\_

Week 21: 27 Sep – 1 Oct

## Part 1: Click on your answer.

- \_\_\_\_\_ is the force that makes things fall to the ground.  
a. speed                      b. force                      c. gravity
- It means the middle point.  
a. direction                      b. centre                      c. weight
- Things are pulled \_\_\_\_\_ towards the centre of the Earth.  
a. up                      b. down                      c. back
- In \_\_\_\_\_ there is no gravity.  
a. space                      b. Earth                      c. force
- \_\_\_\_\_ forces make no change in movement.  
a. gravity                      b. balanced                      c. unbalanced

## Part 2: Drag and drop the words from the box.

effect                      stuck                      speed                      pushed                      pulled

- Because of forces, some things \_\_\_\_\_ up, slow down, change direction or change shape.
- Some things can be \_\_\_\_\_ like a swing.
- Some things can be \_\_\_\_\_ like a zipper of a bag.
- Gravity keeps us \_\_\_\_\_ on the Earth's surface.
- You can't see force, but you can see the \_\_\_\_\_ forces have.
