

8 Solve the problems below.

a The diagram below shows the process and time taken by Aley to bake a cake.

i Calculate the total time taken, in hours, for preparing the ingredients and decorating the cake.

| | | |
|----------------------|----------------------|----------------------|
| A $\frac{3}{4}$ hour | B $\frac{3}{5}$ hour | C $\frac{5}{6}$ hour |
|----------------------|----------------------|----------------------|

ii What is the time difference, in minutes, between mixing and baking the cake?

| | | |
|--------------|--------------|--------------|
| A 35 minutes | B 48 minutes | C 56 minutes |
|--------------|--------------|--------------|

iii Calculate the duration, in hours and minutes, for baking and decorating the cake.

| | | |
|---------------------|---------------------|--------------------|
| A 1 hour 40 minutes | B 1 hour 24 minutes | C 1 hour 5 minutes |
|---------------------|---------------------|--------------------|
