

Nối phép tính với kết quả đúng.

$$\frac{6}{7} + \frac{5}{8}$$

$$\frac{48}{56} + \frac{35}{56} = \frac{83}{56}$$

$$\frac{1}{4} + \frac{5}{6}$$

$$\frac{24}{40} - \frac{15}{40} = \frac{9}{40}$$

$$\frac{3}{5} - \frac{3}{8}$$

$$\frac{24}{54} - \frac{9}{54} = \frac{15}{54}$$

$$\frac{4}{9} - \frac{1}{6}$$

$$\frac{6}{24} + \frac{20}{24} = \frac{26}{24}$$
