XI. Read the following passage and decide if it is T or F.

Many people still believe that natural resources will never be used up. Actually, world's energy resources are limited. Nobody knows exactly how much fuel is left. However, we also should use them economically and try to find out alternative sources of power. According to Professor Marvin Burnharm of the New England Institute of Technology, we have to start

conserving coal, oil and gas before it is too late; and nuclear power is the only alternative.

However, many people disagree to use nuclear power because it's very dangerous. What would happen if there was a serious nuclear accident? Radioactivity causes cancer and may badly affect the future generations. The most effective thing is that we should use natural resources as economical as possible.

	True/ False
1. Natural resources will run out.	1. _____
2. The world's energy resources are unlimited.	2. _____
3. We should use fuel economically.	3. _____
