My summer holidays in the USA

I am Sam and I usually spend my holidays in the USA because my father is American. We visit his family in New York and so we stay there for about two weeks. We do a lot of sightseeing there and my dad shows us all the places he liked as a kid and teenager.

I often walk my grandma's dog in Central Park, it's a great park, I love it. My sister loves shopping, there are so many big and beautiful shops, yes, and they are so expensive, too. I don't like shopping at all, I prefer to buy what I need on Amazon. What I really find very exciting in New York are all the skyscrapers. Every year we go up the Empire State Building, from the top you have the best view of New York, it's amazing. It has 102 floors!

Then we usually visit another American city like L.A. or Chicago. We always have a lot of fun. Sometimes we fly and sometimes we drive. The state I really like is California because there is Hollywood and Disneyland. Sometimes you can see a famous actor there. And the beaches in California are great, the weather is always nice and hot. I love our American summers very much.
