

Atividades de ângulos

HOJE IREMOS CONHECER E TRABALHAR COM MAIS DOIS ÂNGULOS: o ângulo **RASO** e o ângulo **GIRO**.

Observe as imagens abaixo:

O ângulo agudo é um ângulo com menos de 90° .

O ângulo reto tem 90° .

O ângulo obtuso tem mais de 90° .

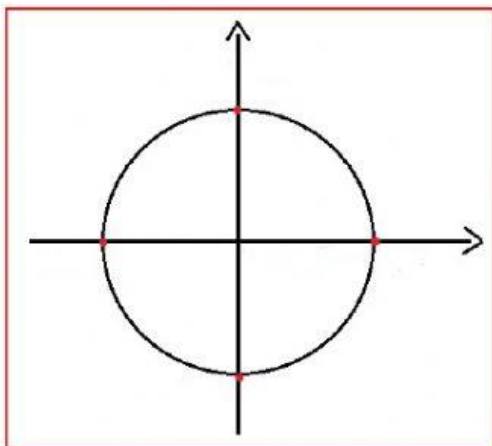

O ângulo raso tem 180° .

O ângulo giro tem 360° .

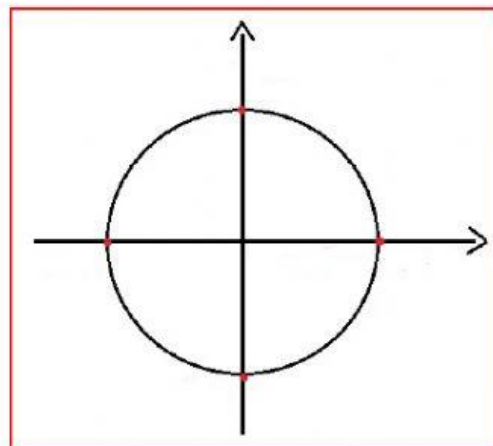

ATIVIDADES

1- Represente o ângulo sugerido colorindo o ângulo correspondente.

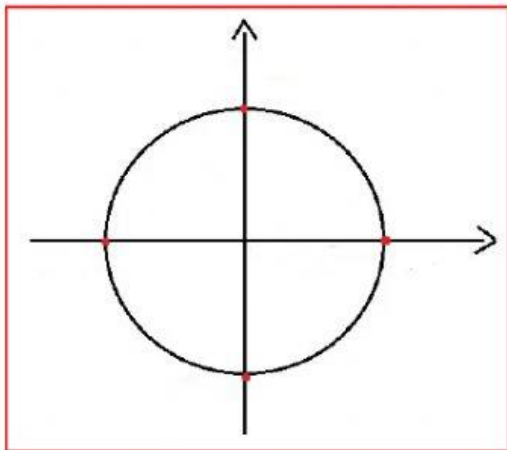

a) Ângulo Reto

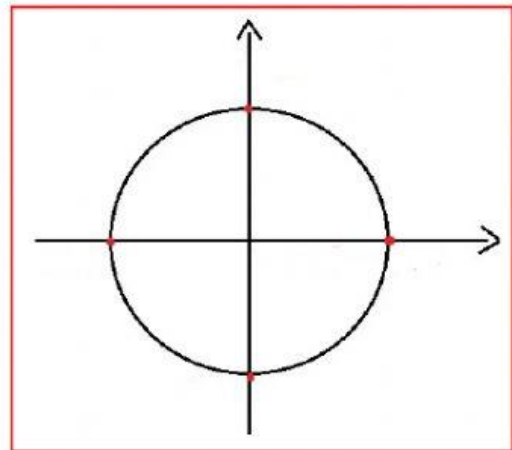

b) Ângulo Obtuso

c) Ângulo Agudo

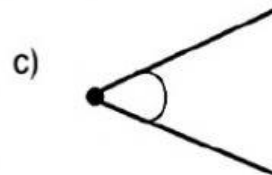

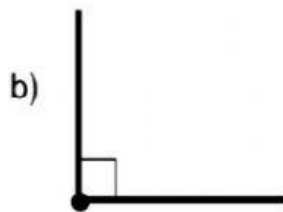

d) Ângulo Raso

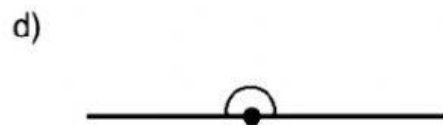

2 Classifique os ângulos a seguir em agudo, obtuso, reto ou raso.

3 PINTE OS GRÁFICOS DE ACORDO COM O GRAU PEDIDO.

a) 90°	b) 270°	c) 45°	d) 180°
