Complete text, drag and drop words

Nothing
Nothing is said or done
Only we know how it is

Nothing
I really don't know what else could
Be at your place

I'm always ..... about you
I'm always ..... about you, love — thinking
I'm always ..... about you — thinking
Everywhere I am — thinking

I'm always ..... about you — Waiting
I'm always ..... about you, love — dreaming, thinking
I'm always ..... about you — dreaming
Everywhere I am — dreaming

I can see you on that bridge sometimes — thinking thinking

..... for some more love from me — dreaming
I promise I will give you more and more of that — thinking
Cause you, you are the one for me

I'm always ..... about you
I'm always ..... about you, love
I'm always ..... about you
Everywhere I am

I'm always ..... about you
I'm always .....
