

stage robbery costume audience detective criminal character lights

My friends and I were in a play last week. My <sup>1</sup> character had a lot of words to say. I played a very clever <sup>2</sup> \_\_\_\_\_ who investigates a <sup>3</sup> \_\_\_\_\_. I was very nervous before I went onto the <sup>4</sup> \_\_\_\_\_. I didn't want to forget my words. When the play started, I looked out and saw my mum and dad in the <sup>5</sup> \_\_\_\_\_. They were smiling at me and I felt brave. I loved wearing my <sup>6</sup> \_\_\_\_\_, but it was very hot because the <sup>7</sup> \_\_\_\_\_ on the stage were very bright. I didn't forget my words and when my character arrested the <sup>8</sup> \_\_\_\_\_ and gave him to the police at the end of the play, the audience clapped. It was great! I hope I can be in a play again soon.
