Revision: Particle model of matter

1. Complete the following table about the three states of matter using the words given.

Far apart from each other.	Very closely packed	Move over a short distance.
Closely packed	Move in random direction.	Vibrate only.

Properties	Solid	Liquid	Gas
Arrangement of particles			
Movement of particles			
Do they have definite shape? **(yes/no)**			
Do they have definite volume? **(yes/no)**			
Do they flow? **(yes/no)**			

2. Choose the correct particle model of the three states of matter.

Solid particles	Liquid particles	Gas particles
