RAGHAV GLOBAL SCHOOL

IN COLLABORATION WITH BRITISH COUNCIL

Negative Numbers and Integers

1. How will you represent the floor just below the ground level (basement)

a. 0 b. 1 c. -1

2. Temperature of Srinagar is 10 degree less than 0. It is

a. +10 b. -10 c. 0

3. The numbers which has minus signs before them are called

a. Positive integers b. negative integers c. zero

4. A collection of positive and negative integers are called

a. Integers b. whole numbers c. natural numbers

5. Value of a negative integer is always

a. Less than zero b. more than zero c. only zero

6. Which integer is neither positive nor negative?

a. 1 b. 0 c. -1

7. Which of the following is a false statement?

LIVEWORKSHEETS

a. Every whole number is an integer.

b. Every negative integer is a whole number

c. Corresponding to every integer, there exist a point on the number line.

8. This is a whole number and a integer too.

a. -1 b. 0 c. 1

9. Every positive integer is less than zero.

a. True b. False

10. Integers to the right of the number line is always greater than the integers to the left of the number lines.

a. True b. False
